## REVIVAL OF EARTH

*Niharika Dev*

*M.A-II*

*2021-2022*

---

All of us are strong

We have been through hardships

And experienced pain all along

All this time we destroyed earth

Now it's her turn to revive

So let's not focus on the negative

And positively survive.

It's in our blood after all

To conquer every difficulty

If we choose not to be distressed by it at all

We will evolve as better beings ultimately.
