
REVIVAL OF NATURE

Gurarpan Kaur

Guru Nanak Khalsa College for Women, Gujarkhan Campus, Ludhiana, Punjab, India

TREES

Deforestation took us on the Verge
Humans were leading a Surge,
Quality of air became Gross
Now the Mankind is at a Loss.

FLOWERS

We could hardly bloom
No water! No care! Led us to doom,
Everything turned colorless
Talk of the town is stress.

ANIMALS

Man became a beast
And made us his feast,
Whole world was ailing
Now every cure is failing.

BIRDS

Sky was no longer blue
Hence our number became few,
Everywhere there was din

Now our sight makes man grin.

NATURE

Man was after me for years

I was left to shed tears,

Slowly 'Peace' went away

Hence I return to lead the way.
